Students will be ranked in accordance with their Erasmus score on the basis of undergraduate programs.
- When calculating Erasmus Score, the following points will be taken into consideration;

ERASMUS GRADE	+, -

Students with disabilities	+10
Multiple participations (per each previous participation to Erasmus program)/ Applying to both mobilities at the same time -10 from one of them	-10

In order to participate in Erasmus Study mobility, applicants must meet these two requirements.
- Application process consists of 4 stages:
 1. **Foreign Language Test Score:** Announcement of the Foreign Language Placement Test Results administered by CEPS.
 2. **Erasmus Score:** Erasmus Score is calculated and announced following the assessment.
 3. **Placement:** In accordance with their Erasmus Scores, students are placed in partner institutions by a commission.
 4. **Erasmus Grant:** Following the announcement of the grant amounts allocated to universities by the National Agency, and the approval of intra-institutional budgeting, further details on grants are released.
- **Students are required to receive acceptance letters from the host institution as well in order to participate in Erasmus mobility.**
- While any procedure regarding going abroad, finding accommodation abroad, passport and visa procedures are principally student's responsibility, Partner University and CEPS may provide support.

ERASMUS GRANTS

- A grant will be allocated to the student according to their academic performance.
- Students are ranked in a descending order according to their Erasmus score. Grants will then be distributed to students according to the overall ranking.

- Grants may not be allocated to each student.
- Students firstly receive grant for two months.
- Request for extension of placement period abroad will be evaluated later.
- Within the framework of KA107 Project, an activity must be carried out entirely with or without grants, as there is no option for partially funded mobility. Therefore, the activity period cannot be extended without grant.
- Monthly Erasmus rates are determined by the National Agency prior to the beginning of Academic Year in accordance with national priority and criteria.
- The exact period of Erasmus activity is calculated based on the start/end dates specified in the certificate of participation.
- The rate of grant is set by European Commission for 28 EU member countries as shown in the table below.

Individual Support Grant:

HOST COUNTRY	MONTHLY GRANT (EURO)
Turkey	800

Travel Grant:

The travel grant is being calculated through the "distance calculator of the European Commission available in link below; http://ec.europa.eu/dgs/education_culture/tools/distance_en.htm

Distance in km	KM	Distance Band	Total Grant
Bosnia and Herzegovina-Istanbul (Turkey)	972,31 km	500- 1999 km	275€

- Grant payments shall be made in 2 instalments. First payment is 80% of the total Erasmus+ grant. Payment of the second instalment is dependent on students returning all necessary documentation to CEPS, completing all required procedures, and students' academic standing (successfully complete/pass at least half of the course credits). Failure to do so will mean forfeit of the second payment. Please note that the second payment shall be made after the completion of mobility.
- If the host institution/company is closed on holiday breaks/national holidays, there's possibility that traineeship may be interrupted. In such case, grant payment will be made for the period where the host institution/company remains closed, however, but this duration won't be considered as part of the period of activities. In order to carry out the activities within the planned period, you will need to inquire, prior to the beginning of your traineeship, about the dates during which the host institution will be closed, and make sure your stay in host country matches at least minimum days (except holidays) of the planned period of the mobility. Weekends/holidays make part of the activity period.
- In case the activity is interrupted due to force majeure events, activities that, in the end of the mobility period, do not match the required duration of mobility will be accepted and the grant payment will be made for the duration of stay, on condition that any supporting documentation as may be available to evidence such circumstances are provided and accepted by National Agency.

- Except in case of force majeure event, if student returns to his/her home country without completing the minimum period of mobility, activity shall be deemed null and void, and no grant payment shall be made.
- Students shall receive grants only during their mobility period abroad. In case student returns to his/her home country earlier than the specified end date of the exchange period, s/he shall receive grant only for the period s/he stayed in the destination country.
- CEPS IRO Office may ask student to provide a copy of his/her passport for the determination of the period spent abroad if deemed necessary.
- Students can, if they wish, renounce the financial support. However, it is not possible to extend the mobility initiated as a grant without grant.

ERASMUS GRANT CUTS
