hereby referred to as “the Partners” or “the parties”, the named institutions agree to the following Memorandum of Understanding (hereafter: the MoU) on educational and research cooperation.

The Partners decide to execute the MoU, to conduct mutual scientific research, exchange of academic staff, students and educational programs including exchange of experience in terms of education of students and staff.

Cooperation and development of activities may extend to any fields and subjects in which the Partners may identify shared interests. Cooperation in specific areas may be designated by mutual consent and incorporated into specific additional agreements upon signature by the appropriate partner and other authorities.

Article I

The Partners agree to the following general areas of interest and cooperation:

1. The exchange of scholars and scientists to conduct research of mutual interest;
2. The exchange of professors for lectures and short term visits;

3. Invitations to scholars for participation in conferences, symposia and instruction;
4. Exchange of information, academic materials and publications in fields of mutual interest;
5. Facilitating the mobility of students, through exchange and visits, between the parties;
6. Establishment of joint degree programs;
7. Foster exploitation of SKILL2SUSTAIN project results and future cooperation;
8. Ensure sustainability of the SKILL2SUSTAIN project results;
9. Carry out activities after the implementation of SKILL2SUSTAIN project;
10. Promote communication and cooperation related with SKILL2SUSTAIN project outputs.

Article II

The Partners agree that all financial arrangements necessary to implement this MoU or any subsequent agreement must be negotiated according to the regulations of each partner and depend on the availability of funds. The Partners recognize that this MoU establishes a foundation of mutual understanding and interest and does not in itself entail any financial or academic obligations for the signing partners.

Article III

If all Partners elect to enter into a research collaboration, the parties shall discuss in good faith the terms and conditions of such an agreement and shall endeavor to reach a mutually acceptable set of terms and conditions to govern such research collaboration, including terms and conditions related to funding, scope and intellectual property created during the course of such research.

This document is in no way intended to create legal or binding obligations on either party. It declares The Partners' current intentions to enhance and continue the relationship of the SKILL2SUSTAIN Network in the future.

Before any of the activities set out in this MoU are implemented, The Partners must enter into agreement(s) (separate from this MoU) with each other which will detail the specific form and content of the activities and address the responsibilities and rights of each Partner in relation to those activities. The Partners agree to negotiate the terms of any such agreement(s) in good faith and for the purposes of enhancing the relationship of the Institutions.

Article IV

The Parties shall appoint representatives – liaisons, as a means of ensuring better coordination of agreed activities and monitoring of achieved results. Communication between the parties will take place through official email contacts of the liaisons at each institution. The results obtained through the activities developed within this MoU will be periodically submitted to the liaison of each institution. Communication between the parties will take place through official email contacts of the respective International Relations Office/Project Office/other responsible subject at each institution.

Communication between the parties will take place through official email contacts of the respective International Relations Office/Project Office/other responsible subject at each institution.

Article V

The parties agree that any information that will be exchanged according to the object and purpose of this MoU shall comply with the legislation in force for the protection of personal data, copyright and intellectual property.

Article VI

This MoU will become effective upon signatures by all Partners, upon signature of the last party, and shall continue for a period of five (5) years after the end of the SKILL2SUSTAIN project. General termination of this MoU may be effected upon deliberation by the parties. Either Partner has the right to terminate the MoU without liability by giving six months' notice in writing of such intent.

Changes and amendments to this MoU can be carried out only in writing in the form of numbered supplements approved by the Partners.

Article VII

The Parties shall meet on a regular basis for the purpose of fostering cooperation among the parties developed in frame of SKILL2SUSTAIN project. The date, time and venue of such meeting shall be decided in joint consultations. The presence at the meetings could be managed based on online platforms without physical presence.

At the annual meetings, the parties shall inform other Parties about the following topics that are based on SKILL2SUSTAIN project outputs:

- Updating learning and teaching materials
- Sustaining the publishing process in the journal
- Fostering Academic mobility in the scope of ERASMUS+ programme and other mobility programmes
- Undertaking joint project initiatives

The parties can execute and deliver this MoU by regular (handwritten) signature or electronic signature. Each party confirms that electronic signature of its legal representative is the same as handwritten signature for the purposes of validity, enforceability and admissibility. If some parties sign the MoU by hand and the others sign it electronically, version in paper will be considered original in terms of the handwritten signature, whereas the electronic (PDF) version will be considered original in terms of the electronic signature. The parties are obliged to keep both forms of the MoU.
