

MODEL OF CALL FOR INCOMING MOBILITY STAFF (STA) ARRIVING IN UNIVERSIDAD DE SEVILLA (SPAIN) WITHIN THE EU ERASMUS PLUS KA107 FRAMEWORK FOR THE ACADEMIC YEAR 2021-2022.

1. OBJECTIVE

Under 2019-1-ES01-KA107-063447 project, the Erasmus+ Mobility Programme for teaching staff offers Partner University teaching staff the opportunity to undertake a teaching visit to the Universidad de Sevilla (henceforth the US) during the second semester of the 2021-2022 academic year.

Teachers taking part in this mobility programme will be given financial support, will teach at least 8 hours in the US and will be able to meet US staff in order to discuss subjects of inter-university collaboration exchange opinions and will be able to use US facilities at no extra cost. All of the teaching activities that are agreed on in the Mobility Agreement and which are performed satisfactorily will be recognised in their entirety by the Home University.

The Erasmus+ Programme promotes the exchange of experiences with regard to teaching methods and it will enable students who have been unable to participate in Erasmus mobilities to benefit from the knowledge of staff from foreign Institutions of Higher Education. The Programme, moreover, offers teaching staff the chance of widening their cultural outlook by travelling abroad, to know other Higher Education systems and to establish contacts with colleagues from other countries, thus contributing to international integration.

The Erasmus+ Mobility Programme for teaching staff does not cover all of the beneficiary's extra expenses while s/he is abroad.

2. LENGTH OF STAY

As indicated in the Erasmus+ Programme Guide, the length of stay in the associate countries is 5 days,

In all cases the beneficiary must involve a **minimum of 8 hours per week** teaching activities.

The amount involved depends on the destination country and the number of actual days stayed in the Destination University, including the days spent travelling. - There is an additional contribution to cover travelling costs (*travel support*). This is calculated according to the table of distances below, as established by the Erasmus+ Programme:

Distance	Amount
Between 10 and 99 km	€20
Between 100 and 499 km	€180
Between 500 and 1999 km	€275
